

IAC Acoustics, A Division of Sound Seal, Appoints Mike Walsh Director of Engineering

NORTH AURORA, IL – April 5, 2016 – [IAC Acoustics](#), a division of [Sound Seal](#), and a leading manufacturer of metal acoustical and noise control products and solutions serving the industrial, architectural, commercial and construction industries, has hired Mike Walsh to serve as Director of Engineering. In his new role, Mike will be responsible for the development and management of all project management, engineering and design related activities.

Mike spent 30 years with the former IAC Acoustics of which, the last 10 years, he served as the Vice President of Engineering and Design. He has a proven track record for development and execution and will use these strengths to drive IAC Acoustics forward.

“Mike is exactly what we need to lead our engineering group.” said Mark Rubino, President of IAC Acoustics. “His strong background in project management coupled with his in depth knowledge of each of our product lines and long history of experience in noise control will be a great asset for IAC.”
