Overview

IAC Acoustics produces an engineered system complete with a leaf, acoustic seals, cam-lift hinges and hardware. Super Noise-Lock® doors are field-tested for performance. IAC Acoustics is renowned for quality, durability and guarantees in-field performance.

Hardware

IAC Acoustics Super Noise-Lock® doors are available with a number of standard and custom hardware options. Please contact your local IAC Acoustics office for further details.

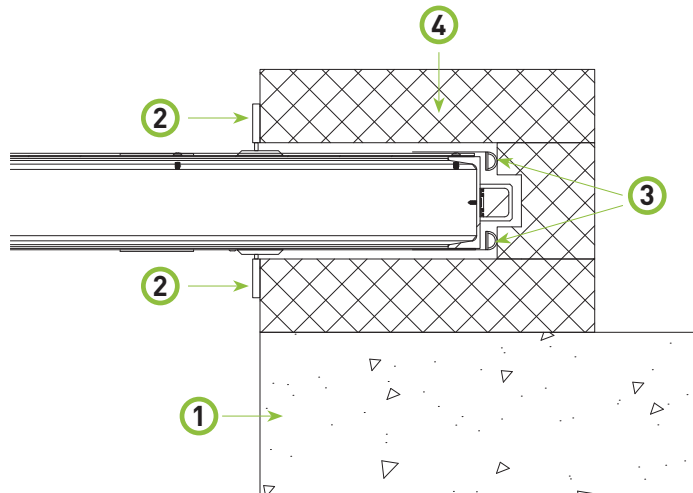

Super Noise-Lock Swing Door Seal Detail

- ① Host Wall
- ② Cam-lift Hinge
- ③ Seal – “D” Bulb Seal/Compression

Super Noise-Lock Sliding Door Seal Detail

- ① Host Wall
- ② Wiper Seals
- ③ Seal – “D” Bulb Seal/Compression
- ④ Acoustic Labyrinth

Performance Features

- Cam-lift hinges lower and seal the door to the floor eliminating the high maintenance of automatic drop seals
- System eliminates in-field grouting to achieve the specified acoustic performance with quick and clean installation
